Héctor Pascual

FULLSTACK DEVELOPER

About me

I'm a Full Stack developer with experience designing and implementing web applications. I specialize primarily in **React**, **TypeScript**, **.NET Core**, and SQL databases. I'm also passionate about process optimization, microservices development, big data, and artificial intelligence. I have skills in agile project management, workflow automation, and creating REST APIs to improve communication between systems.

Knowledge

- **FrontEnd**

HTML, CSS, Bootstrap, JavaScript, TypeScript, React, SASS, AngularJS

- **BackEnd**

C#, .NET Core, PHP, Python

- **Database**

SQL, NoSQL, Oracle

Languages

- **Spanish:** Native
- **Valencian:** High (B2)
- **English:** High (B2)

More information

- Driver's license and own vehicle
- Creativity
- Teamwork
- Knowledge of Agile Methodologies

Work experience

FullStack Developer
EuroBanan | July 2024 - Present

- Development and maintenance of **Altair**, an internal system for general business management.
- Development of unit tests.
- Design and development of an **artificial intelligence** chatbot for web support.
- Preparation of technical documentation to ensure system maintainability.
- Implementation of **React** with **TypeScript**, Vite, and DevExpress on the front end.
- Development of the back end in **C#** and .NET Core, ensuring scalability and performance.
- Collaboration in defining the architecture (**Clean Architecture**) and improving internal processes.
- Creation of REST APIs communicating with the back end.
- Creation and management of User Stories and Pull Requests (PRs) to optimize the development team's workflow.

BackEnd Developer
Inetum | March 2024 - June 2024

- Development and management of microservices in **C#** and .NET Core for the healthcare sector.
- Workflow automation with **Azure Logic Apps**.
- Collaboration with a multidisciplinary team on a system involving more than 200 professionals.

Academic data

Specialization in Artificial Intelligence and Big Data
IES San Vicente | September 2024 - June 2025

Higher Technician in Web Application Development
IES San Vicente | September 2022 - June 2024

Technical Scientific Baccalaureate
IES María Blasco | September 2020 - June 2022

Achievements

3rd Prize of FemFutur
Caixa Popular | May 2024

Creation of a web platform for searching for household cleaners. Finalist in FemFutur Caixa Popular 2024, obtaining third place among more than 200 participants.

Certifications

.NET Framework Course (10 hours)
OpenWebinars | March 2024

TypeScript Course (14 hours)
OpenWebinars | March 2024

Intermediate C# Course (8 hours)
OpenWebinars | March 2024

English Level B2 (Score 168)
Cambridge University | August 2021
